MY PET WANTS A PET hardcover \$14.00

(Ages 5-7; Grades 1-2)

A Parents Magazine, Best Children's Books, 2018: Best Picture Book

". . . a story about the affection that grows between living beings who care for one another. . . . A sweet choice for a simple story that parents and children will enjoy laughing at together."--Kirkus Reviews

WHEN DINOSAURS CAME WITH EVERYTHING hardcover \$15.00 (Ages 5-8; Grades K-3)

E.B. White Read Aloud Award; ALA Notable Book, Junior Library Guild Selection

"What if one day every merchant in town offered up, and indeed, insisted that shoppers take home a live dinosaur (free) free with every purchase? That's what happens to a boy and his mother in this sweet, absurd story that unfolds very much like a dream--Kirkus, starred review

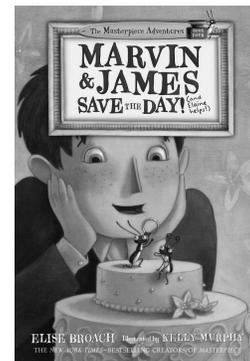

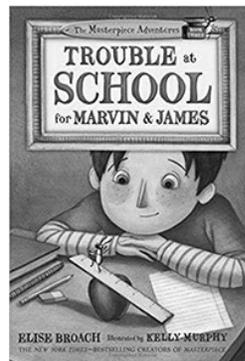

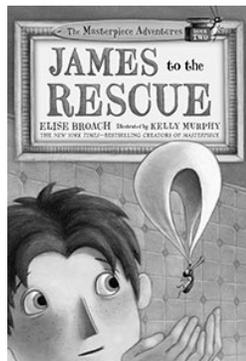

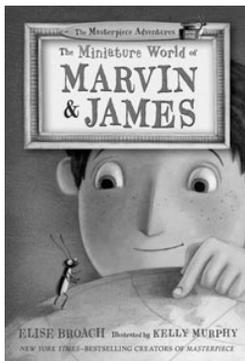

WET DOG paperback \$6.00 (Ages 5-8; Grades K-3)

"A lovable shaggy brown dog tries time and again to cool off on a hot day but is shooed away every time he finds the perfect refreshment. The rhythmic language carries readers along as the poor pooch dives under the hose of a man washing a limo, sneaks into a kitchen sink at a baker's shop, stands in front of a florist's spray bottle, etc. Children will appreciate the silliness of the characters' reactions when wet dog shakes himself off near them"---School Library Journal

THE MASTERPIECE ADVENTURE SERIES paperback \$5.00;

new hardcover \$13.00 (Ages 6-9; Grades 2-3)

"Elise Broach's transitional reader about the stars of her longer novel Masterpiece is just right. It's long enough for children to feel accomplished at its completion without feeling overwhelmed; it hits the right balance of text and illustrations; and it deals with a common dilemma that seven- and eight-year-olds face... This wise and funny book will provide much-needed reassurance to children."- Shelf Awareness
